

## Renewable Energy Infrastructure Fund Preliminary Information Requirements

---

Please provide the following summary information on the proposed project:

- 1. Sponsor Contact Information (phone/email):**
- 2. Sponsor's Experience in Renewable Energy Project Development:**
- 3. Project Name and Location (town/state):**
- 4. Project Description:** Briefly summarize the developer, the project, the site host, capacity size, proposed energy technology (solar/wind), proposed primary equipment manufacturer(s), engineering/procurement/construction (EPC) contractor, operations & maintenance (O&M) contractor, interconnection requirements/status.
- 5. Off-take Arrangements:** Identify the proposed utility/end user purchaser(s) for the electric power and renewable energy credits (RECs), the likely form of the arrangements, e.g., power or REC purchase agreement or net metering, the key details (term, prices), and summary of the credit of the proposed purchaser(s).
- 6. Project Financials:** Provide an Excel-based pro forma summary of the projected financial results for the project, including capital costs, production and financial assumptions, revenues, operating expenses, project and investor return calculations, depreciation and other tax effects, and financing, if any.
- 7. Project Status:** Briefly summarize the project status in terms of project feasibility analysis, energy resource analysis, site control, zoning and other permits, off-taker arrangements (bid situation, LOI or PPA signed, etc.), interconnection, and projected dates for the start of construction and commercial operations.
- 8. Financing Information:** Provide a brief summary and term sheets, if available, of any planned construction or Section 1603 tax grant financing, long term financing from banks or other sources, and any other capital or operating grants.
- 9. Equity Financing Request:** Provide a summary of the proposed project equity financing arrangements, including structure, e.g., purchase & sale, sale leaseback, or partnership, approximate amount, and projected timing.
